Take it outside

Blend practicality and style with this curated selection of outdoor furnishings, designed to elevate and enrich your exterior living spaces.

The **JONCOLS COLLECTION** by Kave Home is an exclusive design from the Spanish architecture and design studio, Made Studio. Inspired by river pebbles, the collection features organic, rounded forms and is crafted from 100 per cent welded aluminium. With thermo-lacquered, sun-resistant finishes, the collection ensures durability and longevity.

Designed by Ramon Esteve, Talenti's **CASILDA** collection has been reimagined with fresh finishes and colours in aquatic jewel-tones. This year, the range includes a new dining tabletop composed of lava stone slats. This modern style blends with ceramics, which are typical of the Italian tradition.
